

# COMPLETE DIET CUBES

## COMPOSITION

- Complete mixture of alfalfa, cereals, supplemented with fats and vitamins designed to meet all the needs of ruminants. Perfect balance between forages and concentrate. Processed in cube format by high pressure steam extrusion.

## BENEFITS

- Formula designed for productive improvement by incorporating vitamins and micro ingredients that help fulfill all metabolic processes.
- Including 70% of alfalfa guarantees ruminal stability and safety, which implies better health.
- The contribution of cereals and fats provides energy for a proper body condition and increases productive indexes.
- Contains live yeast, stabilizing the rumen pH, thus achieving efficiency in the digestive process. Increases dry matter intake and fiber degradation.

## USE INSTRUCTIONS

Ad libitum supply along with water and fodder at free disposal.

### COMPONENT ANALYSIS

Crude Protein	15,5 %	Vitamin D3 (cholecalciferol)	2,100 UI
Crude Fiber	21 %	Vitamin D3 (cholecalciferol)	0.42 mg
Crude Fat	3 %	Cobalt	5 mg
Calcium	1,9 %	Copper (Dicopper trihydroxychloride)	16 mg
Phosphorus	0,37 %	Copper (Copper sulfate -II- pentahydrate)	1.44 mg
Vitamin A	7500 UI	Iodine (Potassium iodide)	63 mg
Vitamin D3	2200 UI	Manganese (Manganese oxide II)	21 mg
Vitamin E	40 UI	Manganese (manganese chelate of glycine hydrate)	0.21 mg
Ash	11%	Selenium (Sodium selenite)	0.21 mg
Crude Protein	15,5 %	Vitamin D3 (cholecalciferol)	2,100 UI

### ◆ Presentation format

Bulk, 20kg bags, or big bags.

### ◆ Shelf life

1 year.
